ECONOMICAL STEREO MICROSCOPES WITH ILLUMINATION

VEE GEE Scientific VanGuard® 1200SL-Series Stereo Microscopes feature precision optics to ensure the highest level of performance for inspection and dissection. All models also come with upper and lower LED illumination to provide bright, energy-efficient lighting.

Binocular head produces high-resolution, three-dimensional images. Various camera packages are available as options. Feature 10X WideField eyepieces. Optional eyepieces and supplementary lenses are available to customize any model for specific magnification requirements.

Key Features

Precision Optics
Upper & Lower LED Illumination
Dual-Magnification
Optional Eyepieces & Lenses
