★★★★★ **co2 lasertube**

in goede staat ontvangen was niet de eerste zelfde tube gekocht via amazone 140 euro wat een verschil

Jan 13, 2023 0

Lode

★★★★★ .

- Fast delivery: received it in only 3 days, which is pretty ok for a shipment from Czechia to Belgium - All info for installation available on the site (product page) - Works like better then the originally installed tube). I was contemplating upgrading to a 80 or 100W cutter for the stuff I do, but with this tube, there is no need for that. => Very satified purchase

★★★★★ **Nice quality and fast shipping!**

Got the lasertube within a few days of ordering. It was packaged very well and the quality looks very good. Can't wait until I've built my machine so I can try it!
