Product Description

Jewellery Laser Welding Machine offered by us, is widely used by our clients, for using this laser technique in the production and making of jewelleries and ornaments. This machine is highly preferred by our customers, due to its clean and best output. This machine leaves no fault while working. Our Jewellery Laser Welding Machine provides a concentrated heat source, allowing for narrow, deep welds and high welding rates. This welding machine is very effective as well as economical and safe to use.

Our enterprise is devoted toward presenting excellent quality **Jewellery Laser Welding Machine** to our valued clients, ideal for joining purpose. For various requirements, this machine is perfect to be used in institutes, workshops, laboratories, etc. Also, our manufactured machine is known for small production and repairing works. It produces a laser beam for the molten pool. Our provided machine is designed for applying on all types jewelry. Furthermore, this **Jewellery Laser Welding Machine** is featured with 4 caster wheels for easy movement.

Specification

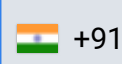

Laser Power	20/30/50/60 W
Output Current	0-100 A
Capacity	1000 Pieces/hour
Automation Grade	Semi-Automatic
Brand	Shree Laser Systems
Material	MS
Voltage	440 V
Frequency	50 Hz
Temperature	10-90 deg C
Power Source	Electric
