# 200W Luggage Type Laser Cleaning Machine

Good Portability

Compact Design

Flexible Operation

## We Promise

2-year Warranty

Lifelong Technical Support

# Product Features

01

## Effective Laser Source

With perfect laser characteristics and good pulse shape control. Ranges of laser pulse frequency and pulse duration are wide and can be independently controllable. High peak power can be achieved, that is suitable for more laser processing applications.

02

## Professional Cleaning System

Professional galvanometer scanner, with fast speed and stable performance. Dual optic beam and multiple cleaning modes can cope with different cleaning requirements and needs.

More portable cleaning head, only 0.7kg.

03

## Compact and Durable Design

The case is made of aluminium and sheet metal, more solid and durable. Structure is more compact and delicate. Whole machine has past vibration test, applicable for different working environment.

# Customization

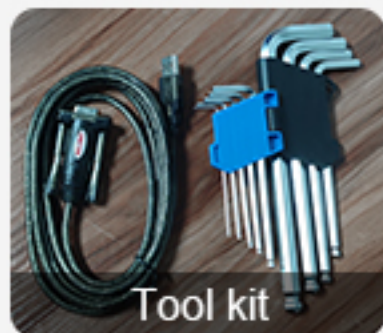

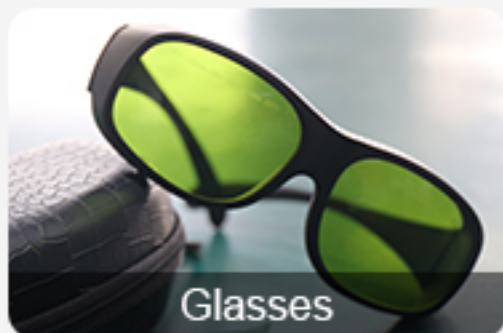

The color of machine case can be customized.

Language and logo can be personalized.
