20mW 633nm Red HeNe Laser System

\$1,195.00 4 in stock

New Helium Neon laser system that includes:

- Cylindrical laser head
- Lab style power supply
- Users manual

Specifications:

Output Power: 17.5 mW minimum 19.5 mW typical

Wavelength: 632.8 nm RED

Polarization: Linear, 500:1 (random polarization available on request)

Mode: TEM₀₀

Beam Diameter: 0.80 mm

Beam Divergence: 1.0 mRads.

Input Voltage: 110 / 220 VAC, 50-60 Hz.

Dimensions: Head: 6 mm long 44.5 mm d

Power Supply: 204 mm

Warranty: Limited 1 year from date of purchase.
CDRH Class: 3b
