Description

The 2x4 Expandable CNC Plasma Cutting Table

The 2x4 expandable CNC plasma table comes with a built-in water pan and was designed to start cutting quickly. It's a robust machine with high-end components that are built into a small machine footprint. The design goals for this CNC plasma table were to equip our customers with a small CNC machine that had production-grade components. Our Design goal is to save consumers money. With the rise in prices, shipping has become more expensive. With our new design, we are able to ship to you with lower shipping costs and we add it to the cost of the table. So no shocking price at the time of purchase.

The 2x4 CNC plasma cutting table series requires only compressed air. You can add a Computer and Cutter to your table. Check out our Shop page <https://eagleplasma.net/shop/> (<https://eagleplasma.net/shop/>) for add-ons. The tables are now expandable in 2-foot increments or purchase the size table you want.

The system includes: a 4-foot Gantry, ultra-smooth & quiet belt drive, includes a water pan, slates, and supports, MyPlasm Software with built-in THC, required cables, 4 Nema 23 motors, floating head, universal torch mount, unlimited training & support on the table we offer third-party software at additional cost. Training & diagnosis is done by Mikogo screen share over the internet. This machine makes buying a plasma cutting table from Eagle Plasma an easy decision. We also offer Router mount attachment and pipe Cutter attachment

The result was a high-end cutting table that could fit into any small-to-medium-sized fabrication shop. This system is in stock and ready to ship! Obtaining an Eagle Plasma cnc cutting table doesn't have to be months away from your door. Click here (<https://eagleplasma.net/contact-us/>) to Request a Quote or give us a call at 1-870-427-2421.

Product Specifications for the 2x4 CNC Plasma Cutting Table

- All steel construction ultra-smooth & quiet belt drive dual-drive gantry ensures Y-axis drive alignment.
- 4 foot Gantry Bar
- Built-in water pan
- Floating head for touch & go cutting
- MyPlasm with torch height control (THC) precisely maintains the correct height over the material to create the best possible cut and extend the life of the Cutter.
- Universal torch mount
- Remote training & diagnosis via the internet.
- Motors 296 oz-in Nema 23 and 296 Nema 23 stepper max cut speed 600ipm.
- Movement accuracy .006" Z-axis travel 3.5"
- 30-Day Refund Policy (unused items in original packaging)
- 1 Year Limited Warranty on all electronic components (shipping is not refundable)

Our Support Is What Makes Us Different

We offer training on how to use your cutter to set the current and speed to achieve the best cut quality. Our training includes Qcad drawing and MyPlasm CNC with no limit to training time. You can call our training line at 870-427-2421 anytime from 7 am to 10 pm CST 7 days a week. Training is by phone with the use of a remote computer connection. We will see your screen or you can see our screen. Our training schedule is responsive to your needs meaning you set the pace! The teacher's pointer appears on your screen to show what to do next, which makes learning a hands-on experience.

As always, if you have any questions, you can contact us ([https://eagleplasma.net/product/2x4-expandable-cnc-plasma-table/](http://We%20offer%20training%20on%20how%20to%20use%20your%20cutter%20to%20set%20the%20current%20and%20speed%20to%20achieve%20the%20best%20cut%20quality.%20Our%20software%20training%20includes%20Qcad%20drawing%20software%20and%20MyPlasm%20CNC%20with%20no%20limit%20to%20training%20time.%20You%20can%20call%20our%20training%20line%20at%20870-427-2421%20anytime%20from%207am%20to%2010pm%20pm%20CST%207%20days%20a%20week.%20Training%20is%20by%20phone%20with%20the%20use%20of%20a%20remote%20computer%20connection.%20We%20will%20see%20your%20screen%20or%20you%20can%20see%20our%20screen.%20Our%20training%20schedule%20is%20responsive%20to%20your%20needs%20meaning%20you%20set%20the%20pace!%20We%20have%20found%20learning%20is%20best%20when%20the%20student%20is%20the%20one%20controlling%20the%20computer,%20and%20the%20instructor%20is%20simply%20there%20as%20a%20guide.%20The%20teacher%20is%2080%99%20pointer%20appears%20on%20your%20screen%20to%20show%20what%20to%20do%20next,%20which%20makes%20learning%20a%20hands%20on%20experience.%20As%20always,%20if%20you%20have%20any%20questions,%20you%20can%20contact%20us%20anytime!%20You%20will%20not%20find%20a%20better%20support%20team%20for%20all%20of%20our%20plasma%20cutters,%20CNC%20plasma%20tables,%20and%20all%20in%20one%20systems.%20anytime!
