acA1300-75gm - Basler ace

Product no.: 107063-D

Availability: 

1 units in stock

Product details

The Basler acA1300-75gm GigE camera with the ON Semiconductor PYTHON 1300 CMOS sensor delivers 88 frames per second at 1.3 MP resolution.

*Demo products do not come with warranty and are subject to prior sale!

On our webshop just a small part of our extensive portfolio is sold. If you require help selecting the right component for your project, our sales engineers are more than happy to support you with your requests. We aim to ship products which are on stock within 24 hours. Products which are not in stock take an estimated lead time of 2-3 weeks.

Products which contain Demo in its name are products which have been previously used by DVC Machinevision bv or 3rd parties for testing. These products are fully functional, though subject to prior sale!
