

Custom Optical Lenses

https://www.brdoptical.com/optical_spherical-lens/

BRD Optical has the ability to supply standard, precision and custom designed components that may be fabricated from fused silica, crystal quartz, optical crystals. With over 10 years experience in the optical industry.

BRD's Optics Division aims to be the lowest cost, high quality option for numbers of different types of optical components. We're able to make custom parts as well as duplicate off-the-shelf parts with the highest quality and lowest prices on the market.

Here are the specifications of Achromatic lenses:

Material : Optical glass/Fused silica etc

Dimension : 5-200mm

Dimension Tolerance : +/-0.05mm +/-0.1mm

Centration: 30 arcsec

Surface Quality : 60/40, 40/20, 20/10, 10/5

Surface accuracy : $\lambda/2 \sim \lambda/10 @ 632.8\text{nm}$

Coating : V-coat, AR coating, ext.
