DWDM-MUX-2X1S-26-27-C

2 Channel DWDM Mux Cartridge, Channels 27 and 26 with pass ports. Bidirectional transmission using single fiber

Qty 1 

ADD TO QUOTE

QUICK QUOTE

This is a 2 channel DWDM mux cartridge that operates over channels 27 and 26 with pass ports using bidirectional transmission over single fiber. This unit can be used as either a multiplexer or de-multiplexer (mux/demux), and is a plug and play system. All of our mux/demux products are 100% compliant and provide a cost effective solution for your network upgrade needs. With our certification test program, we guarantee your product will work correctly the first time.
