Eagle PLC Repair Services

Request Repair Quote

Benefits of Choosing Eagle PLC Repair
▶ 12 Month or Longer Warranty; Complete Whole-Unit Coverage.
▶ Pre-Priced Repairs, or Your Evaluation is Free.
▶ Quick, 3-5 Day Turnaround for Most Repairs.

- ▶ Restored to Fully Refurbished Condition.
- ▶ 100% Satisfaction Guaranteed - All Repairs Are Rigorously Tested.

CORE EXCHANGE

Eagle PLC can ship you a replacement part the *same day*, and you are allowed 40 days to mail your defective part to us for credit. This allows for *minimal downtime* - Eagle PLC will get you back up and running fast with big savings!

RELIABLE REPAIR SERVICE

- Eagle PLC provides Fanuc drive and motor repairs, Siemens drive repairs, Unidrive repairs, Yaskawa drive repairs, as well as repairs on Modicon PLCs.
- If you have a failed unit, we can restore it to Remanufactured Condition and save you up to 75% when compared to buying new.
- We are able to repair most units in as little as 3-5 days
- All of our repairs are put through rigorous testing procedures by certified technicians to ensure that they are fully functional under all loads.
- All repairs come standard with a 12 month or longer warranty.
