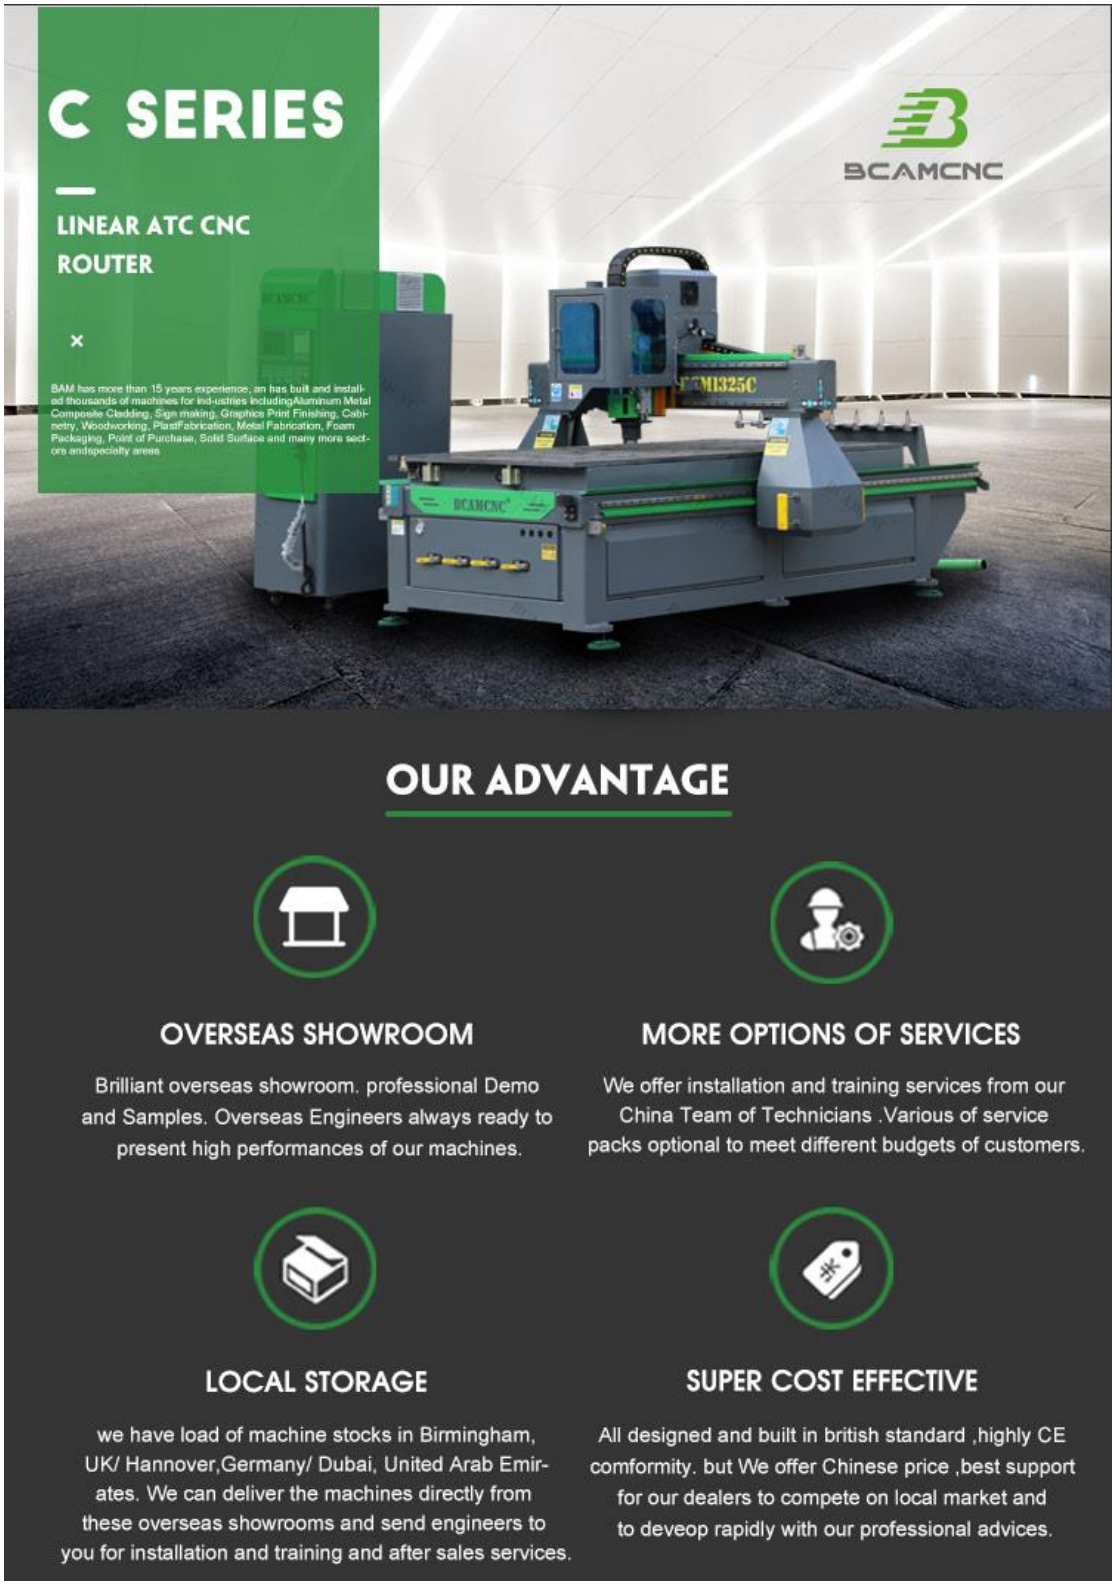
High precision 4*8 woodworking cnc wood router machine 1325C for furniture door making



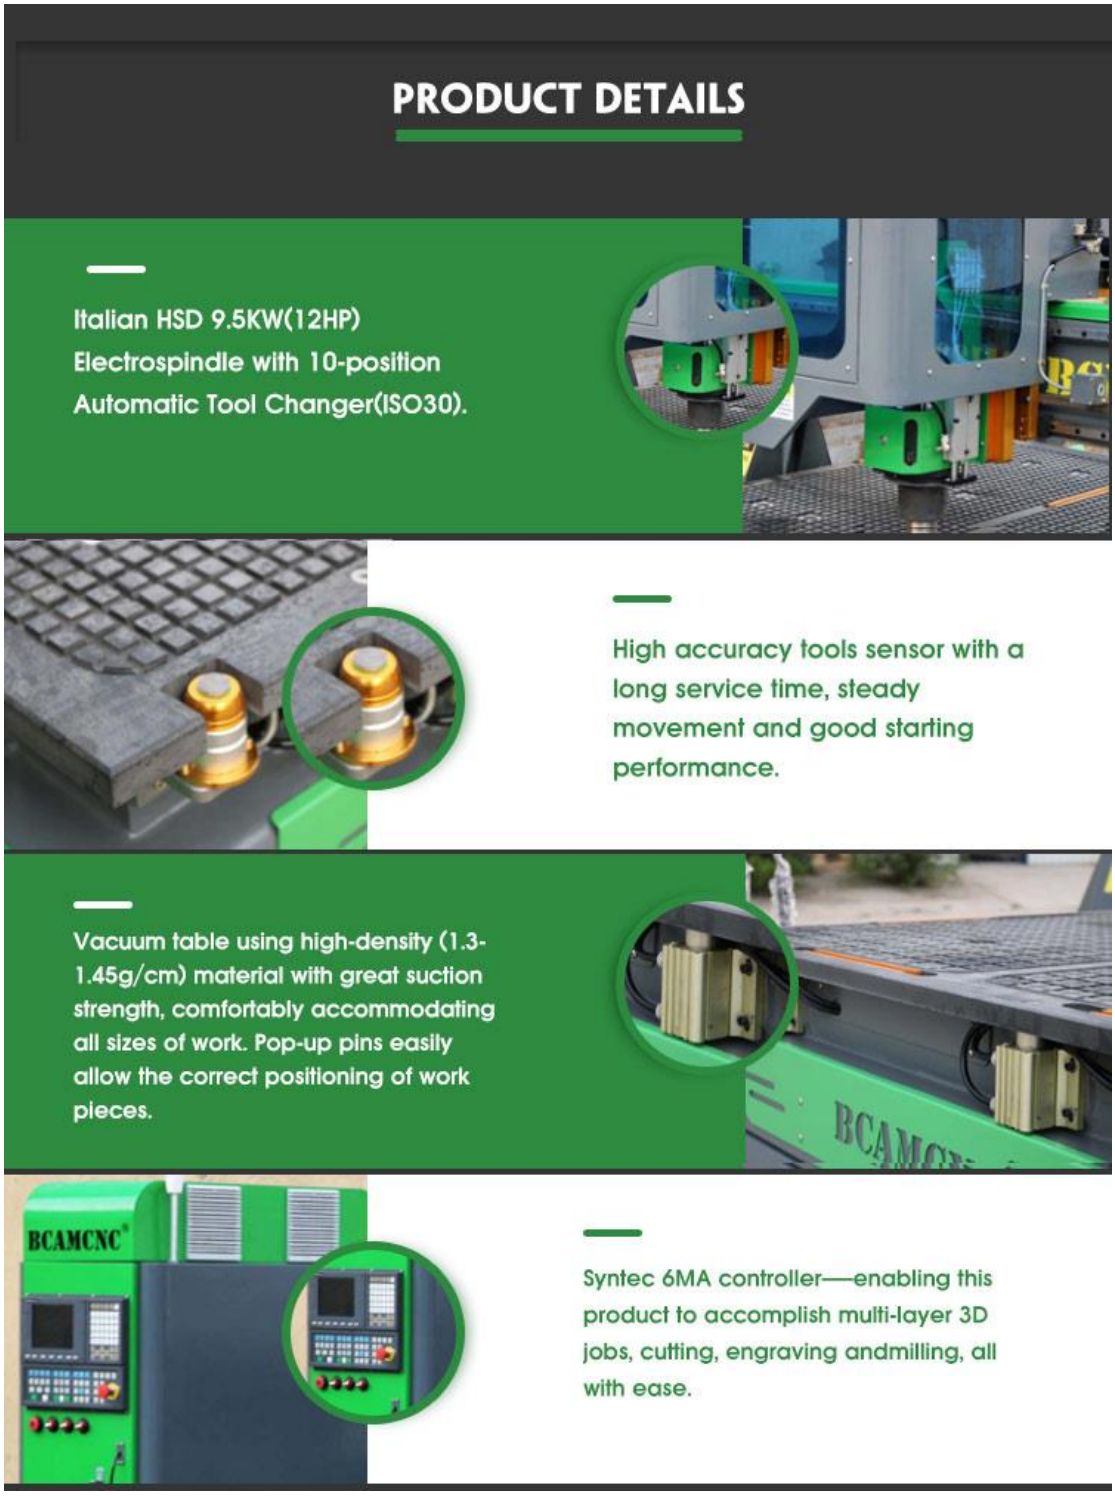
For more information, please visit our website:https://www.bcamcnc.com

BCM1325C Proffesional CNC Router for Woodworking and Signmaking

* Working area: 1300*2500*200mm|4´*8´
* CE standard
* Italian HSD 9.5KW(12HP) Electrospindle with 8-position Automatic Tool Changer(ISO30)
* 10mm Heavy duty body
* Active safety system
* Helical rack and pinion drivers on X and Y axis, Z axis Taiwan TBI ball screw transmission
* 25mm Heavy-duty Hiwin HG Series linear bearing
* Vacuum table+T-solts
* Taiwan Syntec 6MA
* Japan Yaskawa servo motor and drivers system
* Delta brand VFD-B variable frenquency drive
* 8 Position Automatic Tool Changer (options: 10 ,12 position)
* Tool Cone Holder-for east bit changing
* Solid State limit switches
* 3 Years Warranty

Parameters	**Standard Specifications BCM1325C**
X,Y,Z Working Area	1300*2500*200mm|4´*8´
Optional Working Area	1300*1300*200mm|4´*4´
	1500*3000*200mm|5´*10´
	2000*3000*200mm|6´*10´
	2000*4000*200mm|6´*13´
	2000*6000*200mm|6´*20´
Spindle Power	9kw Italy HSD air cooling spindle
X,Y,Z Traveling Positioning Accuracy	±0.03/2000mm
Table Surface	Vacuum table+Intergrated T-solt table clamping System
X,Y,Z Rail and Trasmission	X Y axis gear transmission, Z axis TaiwanTBI Ball Screw
Max. Rapid Travel Rate	80m/min
Max. Working Speed	60m/min
Cutting thickness	According materials
Spindle Speed	6000-24000RPM
Drive Motors	Japanese Yaskawa Servo Drive System
Working Voltage	AC380v/50HZ/3 phase
Command Language	G code
Operating System	Taiwan Syntec 6MB control system
Interface	USB
Software Compatibility	Option:BCAMPRO/VCarve/VCarve Pro/ArtCAM/UCANCAM,etc.

Running Environment	Temperature: -20℃~45℃ Relative Humidity: 5%~75%



For more information, please visit our website:https://www.bcamcnc.com

Auto lubricating system, one touch can finish periodic maintenance easily.

The unique auto tool changer system can change tools alternatively, while thetool sensor accommodatesthe tolerance of the tool length.

The BCAM C Series has theunique safety protection system of BCAM products, and providesexternal emergency stop function for equipment users. This function can effectively protect the personal safety of the equipmentusers, meets European safety CE standards, and is very popularamong users.

The world-class Japan Yaskawa servo motor and driving system ensures that the machine runs at a high speed with low noise.

COMPANY INTRODUCTION

BCAMCNC

ABOUT US

What we offer? BCAMCNC comprehensive in the production, design, manufacturing, trade and service of CNC machine,and provide high quality and good efficienct CNC machines worldwide. With a strong staff team, "Brand BCAMCNC" gained success in CNC Router, Laser cutting machine, Digital cutting table.A popular, highly configurable CNC router, the BCAM Series is suitable for one-off, small batch production as well as high volume and high productivity applications.

The most configurable CNC router in the industry Process areas to suit all sheet sizes and budgets Versatile head and tooling options for all materials and applications Fully customizable systems are built to order for unique business requirements "BCAMCNC Products are widely used in the fields of Woodworking , Sign Making, furniture, jewelry pieces, gifts, packaging etc., materials of metal, wood, stone, leather etc."BCAMCNC"is wellknown not only in China, but also in Russia,UK , Franch ,Germany , Poland , Southeast Asia, Middle East, Africa, the Americas, India and other foreign countries.BCAMCNC has already established branches in Shanghai , Dongguan, as well as foreign countries, such as Armenia , UK ,Franch , Poland , Germnay ,Korea and Georgia,Pakistan,Canada. BCAMCNC established Dubai Warehouse (Sales&Service Center) at 2017 ,and Germany and Birmingham, UK Warehouse (Sales&Service Center) finished at 2019 , it will be delivery Machine , Parts easily and Fast . In addition, we have established long-term cooperative relations in the field of laser machines with BCMTECH to develop CNC Package solution .

BCAMCNC , a professional machinery manufacturing company, with 6000 square meters factory, a highly specialized workforce and more than 10 Patent Technologies has gained a global reputation as one of the most reliable and trusted CNC machinery solution providers.

BCAMCNC comprehensive in the production, design, manufacturing,

trade and service of CNC machine like CNC Router, Laser cutting machine, Digital cutting table, Fiber laser cutting machine and Edge banding machine etc., Our wide variety products used in the field of Woodworking, Sign Making, Panel Furniture Production, Jewelry pieces, Packaging etc.

Overseas warehouse

BCAMCNC was established with the most discriminating customers in mind and has proven itself quality-wise by selling our products to over 90 countries worldwide successfully. For better service to our customer,BCAMCNC has already established sales & service branches in Shanghai,Dongguan,Wuhan and also foreign countries,such as armenia,UK,Germany,Dubai.
