### Quick Overview

45mm long X 4mm wide X 0.1mm thick for Hitachi H600, H59, S520, H11 microscopes and more.

We also make similar strips in platinum. Click [HERE \(http://www.laddresearch.com/hitachi-four-hole-strip-apertures-platinum\)](http://www.laddresearch.com/hitachi-four-hole-strip-apertures-platinum) for Pt strip apertures.

We can manufacture any hole size in any combination you require. Please e-mail your specifications if you don't find what you need below.
