

Brand New Nichia NDV4642 200mw 405nm Laser Diode.

Electro-Static discharge precautions

Name: New Original blue-violet laser diode

Country of Origin: Japan

Output power: CW 100mw-250mw

Wavelength: 405nm

Operating Current: 100mA

Working voltage: 4.5V

Package: 3.8mm

Work life: more than 10,000 hours
