## Our Products

### Materials

Optical Instrument Lab, inc. is fully stocked in all Schott products, but we also stock a wide array of materials and specialize in working with, but are not limited to:

- Anti-Reflective Glass
- BOROFLOAT®
- Crown B-270
- Flashed Opal
- Fused Quartz
- Fused Silica
- Optiwhite
- PYREX®
- Quartz
- Sapphire
- Schott, Kopp, & Hoya Filters
- Soda Lime Float
- Starphire
- Tubing and Rod

We produce everything from lenses and filters for cameras and teleprompters, to high-tech UV and IR filters for military, commercial, and industrial applications. If you would like to see more of the projects that we have worked on take a look at our [projects](#) page. For a more information on our capabilities and tolerance specifications take a look at our [services](#) page.
