

UV-LED Thin-Film System for Bench Scale Research

- Features UVinaire™: Replaceable UV LED lamp module with stabilized UV-C output power through advanced cooling design.
- Remote Start/Stop
- Unlimited On/Off Cycling
- Instant On/Off
- Mercury Free
- Safety Interlock
- Alarm Outputs
- Consistent Performance Across Temperature Range

- Standard wavelength of 280nm
- Other wavelengths on request
- Option for two separate wavelengths
