Description	Specifications	Ordering Information
<p>IFPPCs are connectorized on both ends with high quality and robust FC/UPC, FC/APC, LC/UPC or LC/APC connectors. These are all manufactured to the strictest standards and tested to insure high extinction ratio and low insertion losses.</p> <p>Polarizers have been delivered to address specific spectral needs ranging from 820-2000 nm. Also, custom jacketing and cabling can be accommodated. Please speak to us about your specific needs.</p>
