MoviTHERM I/O Series

> MIO-AX8 for FLIR AX8

> MIO-A310 for FLIR A310

> MIO-A310PT for FLIR A310PT

> MIO-FCR for FLIR FC-Series R

Remote Monitoring

> FLIR A310

> FLIR A310 f

Remote Monitoring

Infrared Cameras perfectly suited for 24/7/365 for Electric Substation Monitoring, Flare Stack Monitoring, Monitoring in Oil – Gas and Chemical Plants, Early fire detection, Machine Condition Monitoring.

FLIR A310 pt (pan-tilt) monitoring systems are designed to withstand the elements to remotely collect valuable data.

[MORE ...](#)

FLIR A310 ex

FLIR A310 ex is an ATEX compliant solution, with a thermal imaging camera mounted in an enclosure, making it possible to monitor critical and other valuable assets also in explosive atmospheres.

FLIR AX8

Combining thermal and visual cameras in a small, affordable package, the AX8 provides continuous temperature monitoring and alarming for uninterrupted condition monitoring of critical electrical and mechanical
