## UV Equipment

### UV Lamps

Our UV lamps are developed and manufacture at a state-of-the-art production facility, setting new standards in UV lamp technology and quality. Our optimized development and production processes, combined with our UV curing systems, offer you all the benefits of technology tailored to your requirements.

Our standard lamps can be supplied in arc lengths from 50 mm to 3,000 mm and in outputs up to 60 kW. All lamps can operate at 50 or 60Hz.

*Honle UV* lamps offer outstanding power yield and long lamp life. Standard or custom-made spectra are available for new applications and for optimizing existing processes according to the requirements of inks, coatings, and adhesives formulators.

For more information on our wide selection of UV lamps, call **508 . 229 . 7774**.
