## UV Equipment

### UVACUBE

The UVACUBE is an economical UV curing chamber for laboratory use. The versatile curing chamber may be used for curing of UV reactive coatings, adhesives, and compounds as well as for UV irradiation for chemical and biological applications.

#### Features:

- Power output from 100-2,000 Watts
- Various lamp/filter combinations
- Timer-controlled shutter
- UVACUBE 400 irradiated area approx. 30 cm x 40 cm
- Optimum exploitation of the irradiated area due to optimized reflector geometry

#### Available Units:

UVACUBE 400, UVACUBE 2000, UVACUBE INERT

Call **508 . 229 . 7774** for more information on our UVACUBE product line.
