# Delta Laser Drilling Machine

The Delta Laser Drilling Machine can drill precision holes in tablets and canisters for osmotic controlled release oral delivery (OROS). The fully adjustable hopper allows the product to flow smoothly to the laser station and can laser drill 50,000 to 60,000 pieces per hour. The machine can detect bi-layered tablets and drill on a specific side of a tablet or canister LCT.

## Specifications:

Electrical 240 VAC / 30 amp/ 3 phase

Air 90 psi @ 5 scfm

## Delta Laser Drilling Machine Features:

- Single or two sided laser drilling
- Adjustable hopper for maximum fill rate
- Servo drive system for precision print registration
- Quick change tooling
- Swingarm 15" touchscreen HMI
- Wi-Fi connectivity
- Batch recording
- 21 CFR Part 11 Compliant
- CE and UL certified

## Additional Options

-  Vision inspection system with single piece rejection
-  Validation document packages available
-  Floor level infeed bulk conveyor
