Laser Wire Strippers for Enameled Coatings

Laser Wire Strippers for Enameled Coatings

[More Details](#)

Product ID: LA-3030

Fast Selective Removal of Insulation Without Damage to the Metal Conductor

Features:

- No Conductor Damage

- Strip Any Pattern at Any Location
- Excellent Process Yield
- Increased Product Life
- Semi-Automatic Operator Load/Unload with CO2

[See more complete detail](#)

Model	LA-3030
Weight	355Kgs
Size	880(L)x880(W)x1830(H)
Power	AC 220V
Power Consumption	700W
Working Process	X-axial 220mm, Y-axial 130mm
Laser Tube Output Power	Single Tube-30W Double Tube-60W
Processing Wire	Polymide, Polyamide, Formvar Polyurethane, Teflon, Epoxy, Polyesterimide

Contact Detail

Address: No.6, Lane 88, Huanho St., Hsi Chih District 221, New Taipei City, Taiwan

TEL: 886-2-2694-6048

FAX: 886-2-2694-0613
