Single Phase 220V Portable Cnc Plasma Gas Cutting Machine 3000mm

Product Details:

Place of Origin: Beijing, China
 Brand Name: SNR
 Certification: CE
 Model Number: SNR-KB

Payment & Shipping Terms:

Minimum Order Quantity: 1set
 Price: Negotiable
 Packaging Details: exported wooden case
 Delivery Time: 5-8 work days
 Payment Terms: T/T
 Supply Ability: 50 Sets per Month

Detail Information

Product Description

Name:	Portable Cnc Plasma Flame Cutting Machine	Voltage:	220V, 50/60Hz
Rated Power:	200W	Cutting Mode:	Plasma Cutting+ Flame Cutting
Cutting Size:	1500x3000mm, Can Be Customzied	Control System:	Starfire SF-2100S Or Fangling F2100B
THC:	F1621 Auto Torch Height Control For Plasma	Software:	FastCAM Standard / StarCAM/HiNest
Drive Motor:	Stepper Motor	Cutting Speed:	0-6000mm (plasma), 0-700mm/min(flame)
High Light:	220V Portable Cnc Plasma Gas Cutting Machine, Portable Cnc Plasma Gas Cutting Machine 3000mm, Single Phase portable cnc plasma cutter		

Product Description

single phase 220V portable cnc plasma gas cutting machine 1500*3000mm

- 1.Machine body adopts industrial aluminum , which possesses high intensity and rigidity.
- 2.Y axis guide adopts high precision linear guide to ensure the precision.
- 3.It adopts high precision stepper motor with biaxial core guide vertically and horizontally. The gear is of high precision ,and the whole transmission is realized through the action of gear and gear rack.
- 4.The gear rack is made of special alloy steel which meet the standard of 7grades after high finishing,thermal treatment, and re-finishing. All these process ensure the transmission of high precision and long life.
5. Compatibility of the domestic plasma and foreign-brand plasma.

Product Parameters

single phase 220V portable cnc plasma cutting machine 1500*3000mm

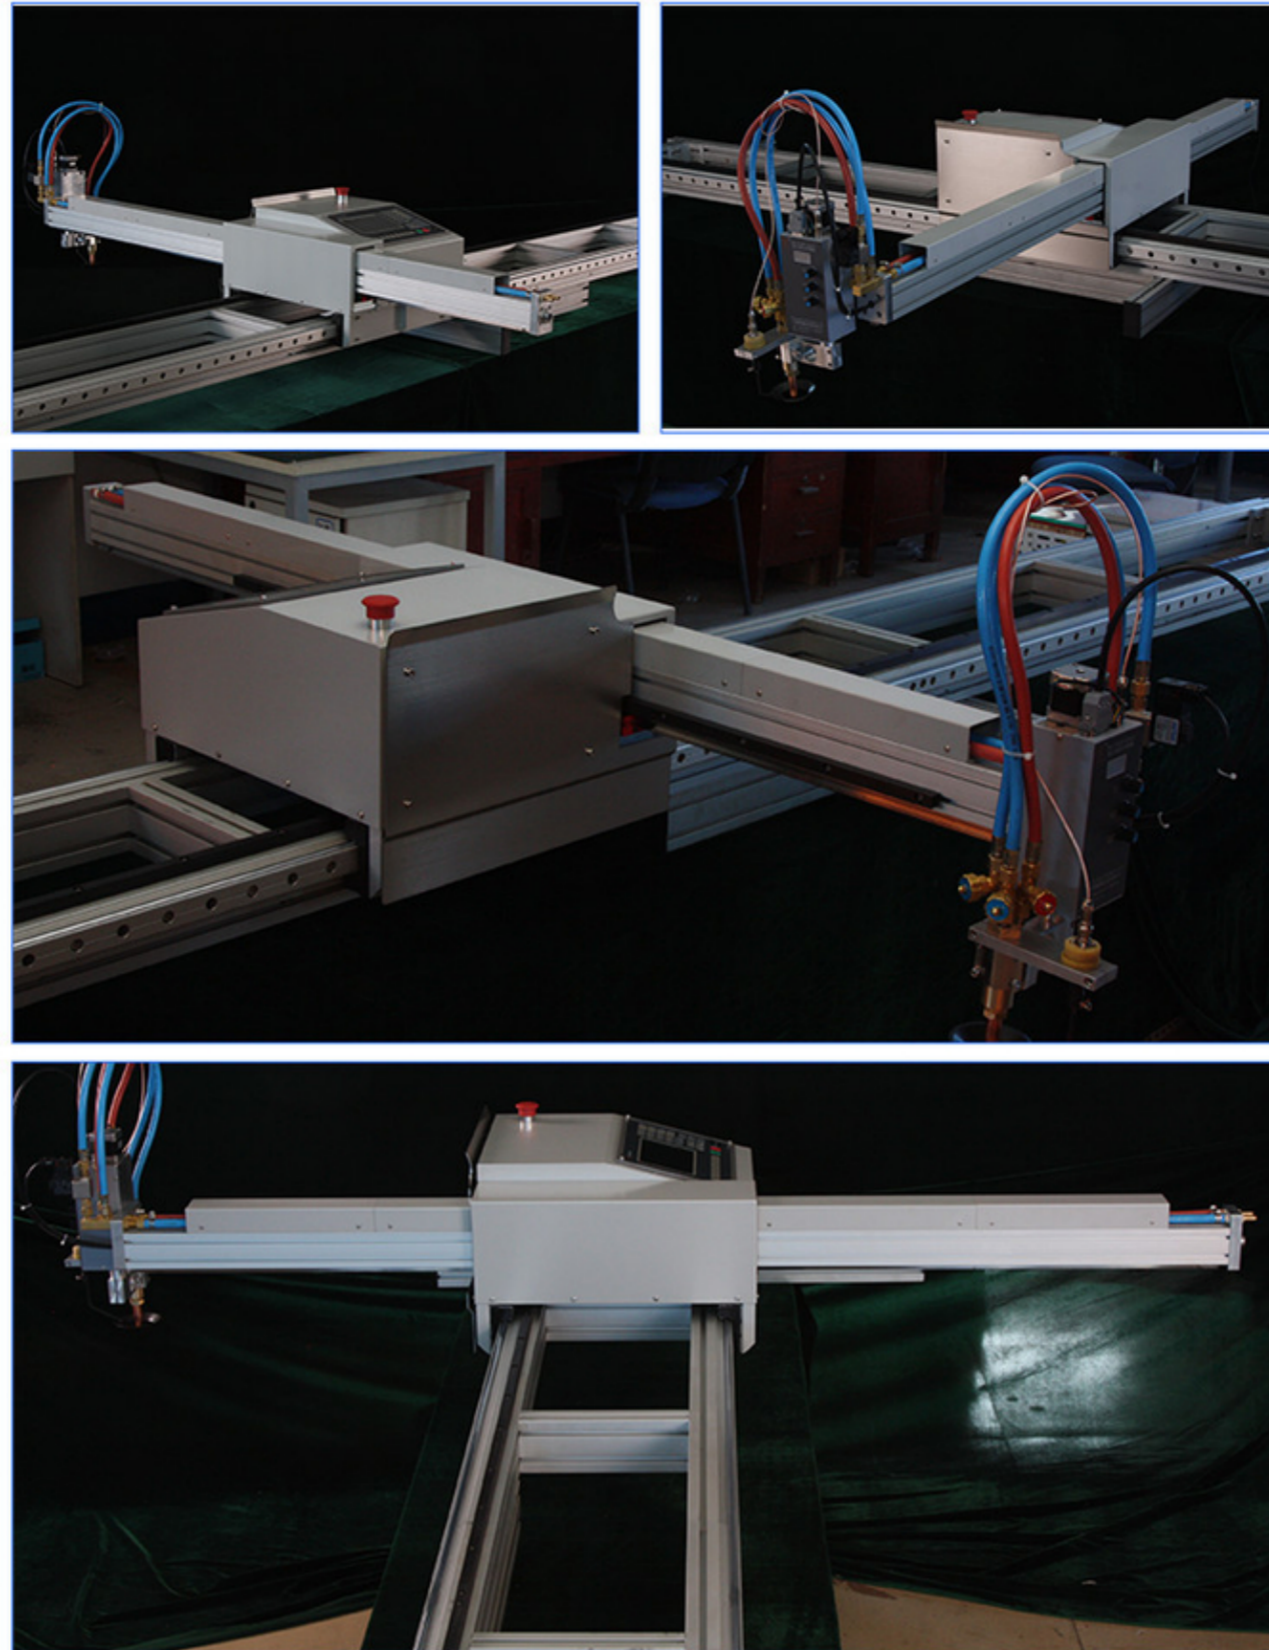

Name	small portable CNC cutting machine
Input voltage	single phase 220V, 50/60Hz
Power	200W
Effective cutting width	1500mm, 1800mm, 2000mm, can be customized
Efective cutting length	3000mm, 6000mm, can be customized
CNC controller	Starfire SF-2100S or Fangling F2100B 7.0 inch LCD
THC	Fangling F1621 auto torch height control for plasma
Plasma Cutting thickness	2-25mm,depends on plasma source
Flame cutting thickness	6-120mm
Plasma cutting speed	0-6000mm/min
Flame cutting speed	0-700mm/min
Drive motor	Step motor
Drive mode	Single side drive
Rail for Y axis	HIWIN linear rail
Rail for X axis	High speed two-axis rail
Lifter quantity	1 pc,support both plasma and flame
Lifting range	up to 100mm
Nest software	FastCAM/StarCAM/HiNest
Plasma source(optional)	CHINA HUAYUAN or MISNCO 100A,120A,200A,300A,400A

Company information

Beijing Seignior NC Equipment Co.,Ltd is a professional manufacturer and exporter of CNC cutting machine. we have been in this CNC filed for more than 14 years. Our main products includes portable CNC, gantry CNC, CNC plasma table for metal sheet and steel pipes.

Since the establish of our company, we have been sticking to the path of specialization and had many engineering technology staff members.

Our machines are widely used in automotive manufacturing, shipbuilding, fan manufacturing, mining equipment, steel processing, advertising cutting, engineering machiney, agricultural machinery and other machinery manufacturing industry.

So far we have exported to many countries like Russia, France, UK, Peru,, Mexico, USA, South Africa, Australia, Thailand, Malaysia, India and so on.

Our Advantage

OUR ADVANTAGE

OUR ADVANTAGE

EXPERIENCE

Our company has been specializing in CNC cutting machine since 2008, for more than 10 years in this field.

DESIGN & TECHNOLOGY

Our company has strong design & technical capacity, we can design and manufacture as per the customer's requirement.

CERTIFICATE

Our machines have been approved CE certificates.

MARKET

We have successfully exported to Europe, Middle East, Southeast Asia and so on foreign countries. We all get good feedback.

TECHNICAL SUPPORT

One year warranty, offer free lifetime technical support by email, video or by phone.

SERVICE

We can provide on-site installation and debugging services.

FAQ

Q1: Are you a trading company or manufacturer?

A: we are a professional manufacturer of CNC cutting machine for 14 years.

Q2: Do you accept OEM for customer's brand?

A: yes, we can do OEM. But we need MOQ for mass production.

Q3: What's the delivery time?

A: The delivery time depends on machine model and quantity, you can directly contact us for more information.

Q4: What's the payment terms for a new customer?

A: Under USD5000, 100% in advance by T/T. Above USD5000, 50% in advance by T/T, the rest be paid before delivery.

Q5: What kind of package do you use?

A: Plywood case, fumigation-free.

Q6: I know nothing about this machine, what kind of machine i should choose?

A: Very easy to choose. Just tell us what you want to do by using CNC cutting machine, the cutting size and thickness, and then let us give you perfect solutions and suggestions. Feel free to contact us!

Want to Know more details about this product

I am interested in Single Phase 220V Portable Cnc Plasma Gas Cutting Machine 3000mm could you send me more details such as type, size, quantity, material, etc.

Thanks!

Waiting for your reply.
